4. If you see or suspect errors in the data, changes must be made in the source data file, STU.301 (primarily). You may make these changes, or you may coordinate with school

personnel to ensure corrections are made in a timely manner. Once those changes have been made, the data will be updated in CERT.EOY.

5. Once you are satisfied the information is correct, press the submit button at the bottom of the screen. This will allow your Superintendent to begin the process of reviewing the collection in order to certify.
