Judges are needed to review and critique elementary, middle and high school student projects in the following fields:

- Animal Science
- Behavioral & Social Sciences
- Biochemistry
- Biomedical & Health Sciences
- Cell & Molecular Biology
- Chemistry
- Computational Biology & Bioinformatics
- Earth Sciences & Environmental Sciences
- Embedded Systems
- Energy
- Engineering
- Material Science
- Mathematics
- Microbiology
- Physics & Astronomy
- Plant Sciences
- Robotics & Intelligent Machines
- Systems Software

To better pair our judges with student projects please email your preference in grade level(s) and science field(s) to fair coordinator, Summer McClintock, samcclin@k12.wv.us. We will do our best to accommodate your requests. Thanks so much for your assistance. We couldn't do it without volunteers like you. We look forward to seeing you at the county science fair!
